Prince Louis is a son of the late Prince Albert by the latter's first wife, who was Lady Mary Hamilton. The Prince is a graduate of the French military school of St. Cyr and has distinguished himself as a soldier. During the late war he served as a colonel in the Foreign Legion of the French army and was several times mentioned for gallantry in action. He is said to harbor none of the love for science which distinguished his father. The latter was possessed of an immense fortune the bulk of which descended to Prince Louis, in addition to an income of a quarter of a million dollars a year from the Monte Carlo casino.
